

**Leadership Aurora Class 2022
Mini-Profile**

Name: Daniel Halkett

Company/Position: Falck Rocky Mountain, Operations Supervisor

Brief Bio/History:

In a previous career path I worked in customer service which led to being a computer programmer, data analyst. While this was a good path to take with plenty of job growth, I decided I needed something that was more rewarding. I chose prehospital health care and began as an EMT. I successfully worked my way up the ladder to become a Field Instructor and Paramedic and I am now one of the Operation Supervisors for Falck Rocky Mountain, Inc.

Hobbies/Interests

I enjoy everything outdoors to include camping, hiking, biking, fishing, hunting, walking and enjoying all the things nature offers us. Additionally, I enjoy watching or participating in anything that has a motor – NHRA, NASCAR, motorcycles, etc.
