

**Leadership Aurora Class 2022
Mini-Profile**

Name: Erin Currier

Company/Position: 18th Judicial Juvenile Assessment Center / Behavioral Health Clinician

Brief Bio/History: I am originally from Rhode Island, but have lived in 6 different US states, and lived overseas briefly. I used to work in advertising before changing my career path 5 years ago when I moved to Colorado to complete a Master's degree program in Clinician Mental Health Counseling.

Hobbies/Interests: I enjoy music, going to live shows and attempting to play a few instruments. I am an "outdoorsy" person, I enjoy hiking, camping, fishing, swimming, snowboarding, snowshoeing, and generally being active outside. I love watching football and tend to gamble a little too much every NFL season. Other interests include eating all manner of food, traveling, painting, and winding down with binge-watching HBO shows and wine.
